

## Yass Valley Council Industrial Lands Study

The Yass Valley Industrial Lands Study has been prepared to assess the current supply of employment generating land in the town of Yass and identify additional land for employment generating development in and around the town of Yass.

The study identifies approximately 130 hectares of land to the north of Yass which is suitable employment generating development. This land is expected to provide opportunities for local business to expand their operations and provide opportunities for businesses from outside of Yass to locate in the town and provide employment opportunities for local residents.

The study has now been forwarded to the NSW Department of Planning for its endorsement. If endorsed, the recommendations of the study

will be used to guide the development of the new Local Environmental Plan for the Yass Valley Council area.

The study can be downloaded from <http://www.yassvalley.nsw.gov.au/planning/7561/7800.html>

For further information on the study, please contact Suzanne Jurcevic on **6226 1477** or [suzanne.jurcevic@yass.nsw.gov.au](mailto:suzanne.jurcevic@yass.nsw.gov.au).

Confined Spaces training was recently undertaken by Yass Valley staff
